

10 PLAGUES

Exodus 7-10
"Let My people go."

Make a river of blood. ALL the water turned to blood. What did they drink?

Frogs in the bed. Frogs on the table. Frogs on my head! Give the frog a tongue to catch a fly.

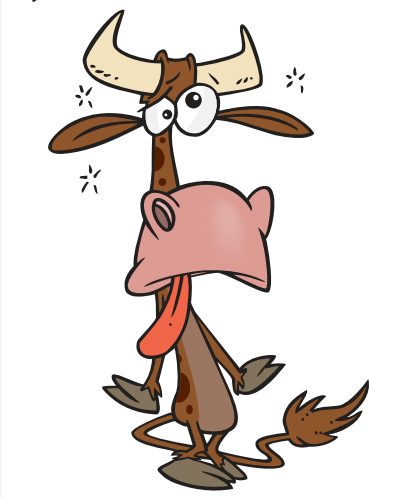

Gnats are flying in his ears and mouth! Yuck!! Make a bunch of tiny gnats.

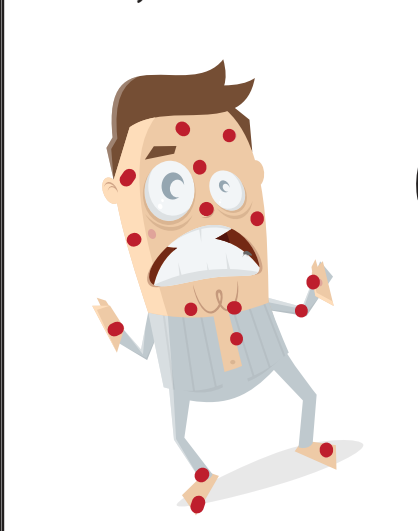

Can you make a fly and put it on his nose?

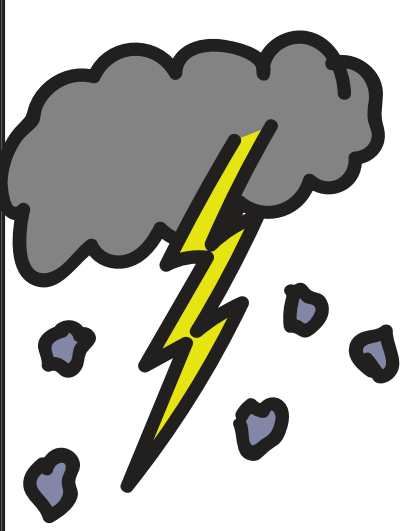

Oh, no! The livestock are dying. Put x's over the cow's eyes.

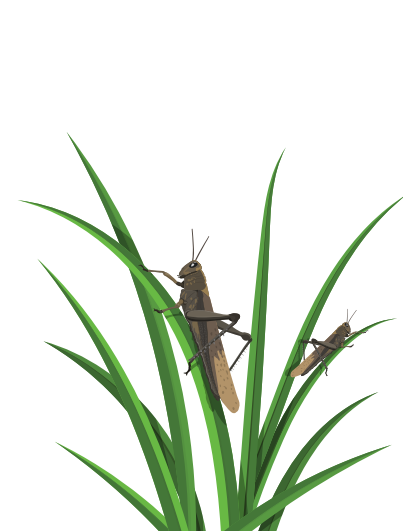

Boils everywhere. Give this man itchy sores.

Ouch! Make balls of ice falling from the sky. God sent hail.

The locusts ate all the crops. Can you make a locust?

It was totally dark! Make eyes.

The worst plague of all! ALL of the firstborn died unless they put blood around their door frame. Even the Pharaoh's son died. Make the #1 for the firstborn and sad faces because everyone was crying.
