

BABY MOSES

Exodus 2:1-10

She named him Moses. She said, "I pulled him out of the water."

Do you see Baby Moses' sister watching over him? Make the letter "M" for Miriam.

Give Moses a baby toy to help keep in quiet while floating down the Nile River.

The princess was bathing in the river when she saw the basket. Can you make a princess crown?

What do you think might have been in the water? Maybe some fish? How about turtle? Or a crocodile? Can you make some things Miriam might have seen?

The princess told Miriam she wanted her to get a Hebrew woman to help raise Baby Moses. Make a face to show how happy Miriam and her mom were. God watched over Moses and one day, he saved God's people from slavery.
